

## A LETTER OF THANKS TO EVERYONE

As it is the time of year for giving thanks, Thin Air Theatre Company wishes to say thank you to everyone here in Cripple Creek and the surrounding area for the wonderful support you have shown TATC and the individuals that make up this production company.

We knew these three years of transition would be very difficult for TATC and the community as well. We were, and still are, very much aware of the many years the Mackin family influenced theater here in Cripple Creek. We miss them as much as any one, and thank them for the wonderful theater tradition that during the gold rush days saw Cripple Creek with 3, sometimes 4 active theaters at one time. This great tradition was all brought back to life by Wayne and Dorothy Mackin in the late 1940s at the Imperial Hotel. Even after their absence, we look to them for guidance and offer special thanks to Stephen Mackin for assistance with some of the historical details in the Christmas script.

With another successful year coming to a close, we wish to give credit where credit is due and that is to you, the local community and the surrounding area, and your unyielding support of the Butte Theater and its events. I'm afraid our thank you letter would go on forever if we were to try and thank all individuals, businesses and entities that have supported the Butte so generously this past year. So we simply say thank you for welcoming us into your community and supporting us as we bring you, your community, and the surrounding area, professional and community arts throughout the entire year here at the Butte Theater.
